

FURNIT - Design of furniture

Copyright © 2007 RCAD SOFTWARE SRL , <https://rcad.eu/>

Always download the latest shareware version from

<https://rcad.eu/furnit-design-furniture/>

(not from other websites)!

For installation you can watch the video

https://youtu.be/dwwISTbX2_0

Follow these steps:

- 1) Unpack the downloaded FURNIT.ZIP file in the folder "C:\FURNIT".
- 2) Enter in AutoCAD at least the 2013 version and launch the menu function:
Tools
 Load Application
 Startup Suite
 Add
 C:/FURNIT/SUPPORT/FURNIT.VLX
- 3) Start a new drawing,
- 4) At the first launch of FURNIT, in an AutoCAD session, type FURNIT and the program specific toolbars will be activated. Nonetheless, if not activated, charge with the AutoCAD MENULOAD command the file C:/FURNIT/SUPPORT/FURNIT_ENG.CUI
In the toolbars zone under the AutoCAD menu on an uncovered zone of a toolbar press the right mouse button and activate the FURNIT toolbars.
- 5) Use buttons from the FURNIT toolbars.
- 6) For the use mode use the HELP button (?).

You can switch to english version by typing: FURNIT_ENG
You can switch to romanian version by typing: FURNIT_ROM

The shareware version (of trial) of the FURNIT program has the limitations:

- run only 3 times (3 AutoCAD sessions),
- in libraries (archives) a maximum of 4 articles are admitted,
- draws and generates lists of amounts for a maximum of 4 plates or assemblings in a body.
